

## 91 Overhead Concealed Closer

The 91 is the perfect solution for openings where ANSI/BHMA Grade 1 reliability and durability are required and the aesthetic of a concealed closer is preferred. Available for a variety of openings, the 91 Overhead Concealed closer is appropriate for wood, metal and aluminum doors and fits in a 1-3/4" x 4" aluminum frame. Featuring a cast iron body, forged hold open or non hold open arms and steel alloy track, this offset hung closer can be used reliably in both interior and exterior applications.

### Features Include:

- Single acting, offset hung
- Heavy-duty cast iron closer
- Forged arms
- Steel alloy track
- One-piece mounting plate
- 1-1/4" piston diameter
- Handed
- Exterior or interior doors
- Door weight up to 250 lbs.
- Two models available; specify model 91 for 3-6 adjustable spring, specify PH91 for 1-3 adjustable spring
- Optional hold open assembly in the track
- Staked brass valves
- 1/2" extended spindle option
- All weather fluid

Standard lead time is approximately two weeks from the date the order is entered.

Salesman samples will ship the week of October 9. For additional samples, please contact Lynn Kaiser (Lynn.Kaiser@assaabloy.com).

Please distribute this bulletin to everyone in your distributorship who specifies and/or purchases Rixson products. Insert this bulletin in the Rixson section of your Door Controls full line catalog.
